INDIAN INSTITUTE OF MATERIALS MANAGEMENT

IIMM (Indian Institute of Materials Management) is a professional body promoting operational excellence in industry over 50 years. IIMM is a charter member of International Federation of Purchasing and Supply Management, IFPSM, UK. Its wings spread nationwide with a network of 52 branches and 20 chapters and over 10000 members. IIMM offers short term, one and two year courses on Materials, Logistics and SCM.

SPECTRUM

Spectrum is a prestigious two day event organised by IIMM, Chennai, successfully since last 10 years. Business leaders, Innovators and Award winners across various industries share their success stories and insights on how SCM will shape up in future. Each year a theme will be chosen to reflect global trends in SCM. A large gathering of SCM professionals attend the event and benefit by listening to the thought provoking sessions.

SPECTRUM 2019

Spectrum 2019 is evolved with a theme of “**Multidisciplinary Intelligent Supply Chain Strategy for Business Growth**”. Emerging trends in SCM with Indian and global perspectives will be shared by experts. This event is sure to kindle thoughts on how SCM can provide solutions across various industries like FMCG, Pharma, Finance, Capital Projects etc. The experts will provide insights on how opportunities from e-commerce, e-mobility, reverse logistics, resource recycling etc can be explored. Also the event will be graced by special invitees as chief guest, key note speaker and sharing of success stories.

WHO SHOULD ATTEND ?

- ❖ Middle and senior level executives engaged in Manufacturing, Services Industry, Logistics, Transportation, Sourcing, Project & Process management, Human Resource management, IT professionals involved in SCM.
- ❖ Supply chain services providers and consultants.
- ❖ Small and medium entrepreneurs who are a part of supply chain and are under pressure to reduce cost and lead times.
- ❖ Faculty from educational institutions to update themselves with the current happenings in the industries towards building competitiveness through lean and agile levers
